Rao Sahib Mr. C. Matthai.—He included it in this year's allotment as per my order. So far as the Headmaster is concerned, he is satisfied and I am also satisfied. But the Member for Kattur was telling us about the Vallivattam school, that it is in such a bad condition, that it has to be looked into at once, etc. We have got to give precedence to such cases.

President.—Will you sympathetically consider this case ?

Rao Sahib Mr. C. Matthai.—Oh, yes, very sympathetically.

APPENDIX I.

(Vide Answer to Question No. 217.)

PROCEEDINGS OF THE DIWAN OF COCHIN.

LOCAL AND MISCELLANEOUS DEPARTMENT.

(Medical and Sanitation).

Read the address presented to the Diwan by the inhabitants of Gothuruthy when the Diwan presided over the meeting of the Gothuruthy High School celebration.

Read also the following reports :—

(1) Letter C. No. 682/1104, dated 23rd November 1928, from the Anchal Superintendent.

(2) Letter C. No. 2263/1104, dated 5th February 1929, from the Chief Medical and Sanitary Officer.

(3) Letter C. No. 6295/1104, dated 4th February 1929 from the Director of Public Instruction.

(4) Letter C. No. 1941/1104, dated 25th May 1929, from the Chief Engineer.

Order, dated 5th June 1929, Dis. No. 3146/1104.

1. The requests contained in the address refer to the opening of an Anchal office, a Dispensary, an Industrial School, the giving of an annual grant to the High School, and the construction of roads, tanks and wells.

2. The opening of an experimental Branch Anchal office has already been sanctioned for the place.

3 As regards the opening of a Dispensary Government agree with the Chief Medical and Sanitary Officer that it is not an urgent need of the locality as the Government Dispensary at Cranganur is not very far off. The question of opening a rural dispensary there will be left for consideration at a future time after the demands of the people living in remote centres having no allopathic dispensary close by have been satisfied.

4. As regards annual grant to the High School, Government can help the institution only by giving such aid as is given to other aided High Schools of the State. The Director of Public Instruction may take steps to open an industrial section in the High School as suggested in his letter.

5. As regards the opening of roads the Chief Engineer is requested to submit detailed estimates for the proposed earthen road with temporary bridges.

Secretary to the Diwan.
